

WHY HALOCK?

EXPERT TESTERS

RELIABLE RESULTS.

HALOCK STARTS WITH YOU.

HALOCK invests the time up front to get to know your business, security requirements, compliance obligations, goals, and objectives to ensure your penetration test is properly defined, planned, executed, and delivered.

Every engagement is customized to meet the unique needs of your business. Scope definition and planning meetings establish a clear and comprehensive scope of what the pen test will include, how it will be performed, and ensuring expectations are clearly understood. **What matters to you matters to us.**

HALOCK KEEPS YOU INFORMED.

Communication is key. Prior to conducting your penetration test, HALOCK meets with your team to discuss, plan, and document upcoming activities to ensure all interested parties know exactly what to expect. Communication and coordination of activities is crucial to ensure testing is performed under safe and controlled conditions. Throughout the penetration test process, the team provides updates on status and progress to ensure visibility.

HALOCK HAS THE RESOURCES.

HALOCK's dedication to ongoing training, certification, and education means you can depend on having the best and brightest conducting your penetration test and produce actionable results you can rely on. HALOCK's team is comprised of seasoned experts focusing exclusively on pen testing. This focus ensures the latest exploits are explored, applied correctly, and performed safely. This continuous pursuit of knowledge is what sets HALOCK apart.

THE RIGHT PEN TEST PROVIDER

EXPERIENCE

HALOCK has the experience. HALOCK's pen test team is backed by the latest tools, methodologies, labs, and technologies. This extensive investment allows HALOCK's pen testers to pursue advanced exploits and discover new zero-day vulnerabilities not yet published. The labs and tools used by HALOCK's testers allow them to collaborate as a team, maximize efficiency, and rapidly progress past discovery into pursuing exploits and beyond. While no tool can replace the ability of a seasoned penetration tester, having access to best in class testing tools and labs allow a skilled tester to maximize the comprehensiveness of the testing methodology and accuracy of the results. The experience gathered from having performed thousands of successful penetration test engagements provides an indispensable opportunity to apply continuous improvement and depth of testing.

INSIGHT

HALOCK gives insight. HALOCK's team possesses years of transferable skills and knowledge, joining HALOCK from a variety of industries such as finance, insurance, retail, and healthcare. They bring with them disciplines including regulatory, software development, systems engineering, security engineering, law enforcement, and project management. The extensive and diverse background across the HALOCK team produces actionable recommendations you can achieve. HALOCK's reports and guidance include content rich and detailed results of testing to ensure remediation teams fully understand what needs to be done.

QUALITY

HALOCK delivers quality. HALOCK routinely finds critical vulnerabilities overlooked by other providers that do not possess the ability necessary or focus primarily on providing the lowest cost service.

This leaves your organization blind to vulnerabilities that require immediate attention, which is the true cost of an inferior penetration test. HALOCK validates their findings, ensuring results are accurate, eliminating false positives, pursuing exploits in a reproducible manner, and demonstrating impact.
