**BOOTH NOTES**

**Booth Packaging & Shipping**

- General Booth: 2 singles or 1 double per pallet.
- QuickShip: Booth: 4 singles, or 1 double, or 2 single w/ 1 double per pallet.
- Weights do not include pallet weights. Add 60 lbs per standard 40x48" pallet.
- LTL is limited by the carriers at 6-48" pallets. Over six is Floor Load only or Split LTL on different days.

**LTL (Less than Truckload)**

- Maximum common carrier (LTL) shippable length is 72'.
- LTL is limited by the carriers at 6-48" pallets.
- Qty over 12 linear feet of truck space is floor loaded (no pallets) or Split LTL on different days.
- Booths are corner guarded and shrink wrapped.
- Blanket wrapping available at \$35 list per blanket.

**Wood Information**

- Wood Species: Oak is standard, Ash, Cherry, Poplar or Maple are available by request.
- Finish: Natural, Cherry, Toasted Oak, Honey Oak, Dark Mahogany, Walnut, Black, Rustic Walnut.
- Custom colors: Add \$500 (list) per order, per color.

**Banquettes & Corners**

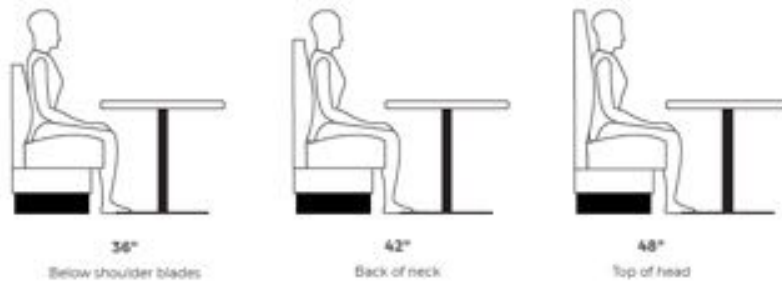

- All banquettes are measured facing the front, from left to right, along the back.
- Banquette corner price is for the additional labor, and does not add to the perimeter of the banquette.
- Banquettes prices are rounded up to the next foot.
- A corner can be square at 90 degrees or non-square which is any angle other than 90 degrees.
- The image to the right demonstrates the different styles of corners.
- Banquette lengths are  $\pm 1/2"$ . For best results provide exact hold-to dimensions in inches.
- All banquettes are unfinished outside back (OB) standard
- All 1/2 circle and 3/4 circle are unfinished outside back, with returns OFB, standard.

**General Booth Information**

- Booths ship with nail-in leveler glides for ease of movement. Removal is recommended if easy movement is an issue.
- All wood (booths and circles), standard OFB (Outside Finished Back) is vinyl.
- standard booth width is 48" wide.
- standard booth back heights are 36", 42" and 48" (from floor to top)

**BACK HEIGHTS**

**CONTOUR BOOTH TABLE UNITS - Built-to-order**

**Contour Table Unit, with Laminated seats, fully-welded steel frame and laminated or DesignChoice top**

Seats: Grade 1 HPL laminate on pressure molded 5-ply substrate, black, gray or brown edge with backer sheet.

Frame: Steel, fully welded frame, Black standard.

Top: Choice of 1-1/8" thick, grade 1, HPL laminated with vinyl, self or wood edge or DesignChoice.

# ABOUT

## UNDERSTANDING FREIGHT

Shipping furniture notes and information.  
For freight quotes: e-mail [freight@justchair.com](mailto:freight@justchair.com)

### TYPES OF FREIGHT

**Small- Parcel / Ground:** Boxed items. Normally less than 24" x 24" x 40" to avoid oversize charges. Max ground size for example is 24" x 24" x 58".

**Medium- LTL:** Less than truckload, palletized freight, Minimum of 150 lbs. Ships from terminal to terminal, then is delivered via a local truck having multiple stops in the area. Normally Limited to 6 pallets or less.

**Large- FTL or Dedicated Truck:** Full truck load 26' or 53'. Items are not palletized. They will hand-stacked (floor loaded), loose or boxed.

### DELIVERY

**Small- Parcel / Ground:** Packages are picked up and delivered to the door of the receiver.

**Medium- LTL:** Less than truckload. These normally arrive at the discretion of the trucking company. 4 hour appointment windows can be arranged as an added service with an extra day of shipment time.

**Large- FTL or Dedicated Truck:** Full truck load. Items are not palletized. They are normally floor loaded (loose) or boxed.

**Unloading:** The truck driver is required to open the back of the truck only. The receiver is responsible for removing the items and packaging from the truck within an hour of arrival.

**Special services (additional charges):** Limited delivery sites, gated areas, lift-gates, unloading, inside delivery, extended wait time, installation, to name a few.

### THINGS TO CONSIDER FOR LTL/FTL/ DEDICATED TRUCK:

**Unloading:** Have plenty of help for unloading. Normally two people in the truck and two people accepting the furniture then walking it in. Note that for most furniture, it is easier to hand off at truck height, than using a lift-gate.

**Inspection and damage: NEVER refuse.** It can delay replacements or repairs for weeks as the freight company tries to reroute. Always photograph and notate any visible damage on the bill of lading when you sign.

**Concealed damage:** The driver is not responsible to wait for inspection inside the packaging. Please provide descriptive photographs and e-mail your sales rep as soon as discovered.

**Repairs and replacements:** Furniture is often built-to-order and highly modular. Many of the damaged components can be quickly replaced without complete remanufacture of the entire unit.
